Aquatic Botany 59 (1997) 343–347

Aquatic botany

Author Index, Vols. 57–59

Adamec, L.
Photosynthetic characteristics of the aquatic carnivorous plant *Aldrovanda vesiculosa* . . . . . (59) (1997) 297
Aguilera, J., *see* Figueroa, F.L. . . . . (59) (1997) 237
Allaway, W.G., *see* Vesk, P.A. . . . . (59) (1997) 33
Andorfer, J., *see* Dawes, C.J. . . . . (59) (1997) 139
Anuratha, C.S., *see* Parani, M. . . . . (58) (1997) 165
Bailey, P.C.E., *see* Warwick, N.W.M. . . . . (58) (1997) 73
Bird, K., *see* Jewett-Smith, J. . . . . (59) (1997) 323
Bonis, A., *see* Volder, A. . . . . (58) (1997) 113
Boudouresque, C.-F., *see* Ibarra-Obando, S.E. . . . . (58) (1997) 99
Bunn, S.E., *see* Mosisch, T.D. . . . . (58) (1997) 181
Bussotti, S., *see* Guidetti, P. . . . . (58) (1997) 151
Cambridge, M.L. and P.J. Hocking
Annual primary production and nutrient dynamics of the seagrasses *Posidonia sinuosa* and *Posidonia australis* in south-western Australia . . . . . (59) (1997) 277
Carr, G.M., H.C. Duthie and W.D. Taylor
Models of aquatic plant productivity: a review of the factors that influence growth . . (59) (1997) 195
Christensen, P.B., *see* McGlathery, K.J. . . . . (59) (1997) 99
Clark, C.D., *see* Green, E.P. . . . . (58) (1997) 11
Conacher, C.A., *see* Peterken, C.J. . . . . (59) (1997) 333
Corkran, J.L., *see* Wickstrom, C.E. . . . . (59) (1997) 157
Crawford, D.J., E. Landolt, D.H. Les and E. Tepe
Allozyme variation and the taxonomy of *Wolffiella*. . . . . (58) (1997) 43
Creed, J.C.
Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit . . . . . (59) (1997) 163
Curiel, D., *see* Rismondo, A. . . . . (58) (1997) 55
Davis, R.C. and F.T. Short
Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method . . . . . (59) (1997) 1
Dawes, C.J., J. Andorfer, C. Rose, C. Uranowski and N. Ehringer
Regrowth of the seagrass *Thalassia testudinum* into propeller scars . . . . . (59) (1997) 139
Den Hartog, C.
Is *Sargassum muticum* a threat to eelgrass beds? . . . . . (58) (1997) 37
De Souza Lima, N.A., *see* Vieira, M.F. . . . . (58) (1997) 89
Develi, A., *see* Vergeer, L.H.T. . . . . (58) (1997) 65
Duthie, H.C., *see* Carr, G.M. . . . . (59) (1997) 195
Edwards, A.J., *see* Green, E.P. . . . . (58) (1997) 11
Ehringer, N., *see* Dawes, C.J. . . . . (59) (1997) 139
Ellis, A.C., *see* Green, E.P. . . . . (58) (1997) 11

Ervin, G.N. and R.G. Wetzel
Shoot:root dynamics during growth stages of the rush *Juncus effusus* L. . . . . (59) (1997) 63
Figueroa, F.L., J. Mercado, C. Jiménez, S. Salles, J. Aguilera, M.P. Sánchez-Saavedra, M. Lebert, D.-P. Häder, O. Montero and L. Lubián
Relationship between bio-optical characteristics and photoinhibition of phytoplankton . . . . . (59) (1997) 237
Foote, A.L., *see* Johnson, L.A. . . . . (59) (1997) 17
Gambi, M.C., *see* Guidetti, P. . . . . (58) (1997) 151
Green, E.P., P.J. Mumby, A.J. Edwards, C.D. Clark and A.C. Ellis
Estimating leaf area index of mangroves from satellite data . . . . . (58) (1997) 11
Green, W.L., *see* Korschgen, C.E. . . . . (58) (1997) 1
Grillas, P., *see* Volder, A. . . . . (58) (1997) 113
Guidetti, P., S. Bussotti, M.C. Gambi and M. Lorenti
Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters . . . . . (58) (1997) 151
Häder, D.-P., *see* Figueroa, F.L. . . . . (59) (1997) 237
Hocking, P.J., *see* Cambridge, M.L. . . . . (59) (1997) 277
Hopson, M.S., *see* Zimba, P.V. . . . . (58) (1997) 173
Ibarra-Obando, S.E., C.-F. Boudouresque and M. Roux
Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit . . . . . (58) (1997) 99
Ibarra-Obando, S.E., *see* Meling-López, A.E. . . . . (59) (1997) 117
Invers, O., J. Romero and M. Pérez
Effects of pH on seagrass photosynthesis: a laboratory and field assessment . . . . . (59) (1997) 185
Jäger-Zürn, I.
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review. . . . . (57) (1997) 71
Jäger-Zürn, I.
Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) . . . . . (57) (1997) 151
Jewett-Smith, J., C. McMillan, W. Judson Kenworthy and K. Bird
Flowering and genetic banding patterns of *Halophila johnsonii* and conspecifics . . . (59) (1997) 323
Jiménez, C., *see* Figueroa, F.L. . . . . (59) (1997) 237
Johnson, L.A. and A.L. Foote
Vertebrate herbivory in managed coastal wetlands: a manipulative experiment . . . . (59) (1997) 17
Judson Kenworthy, W., *see* Jewett-Smith, J. . . . . (59) (1997) 323
Kemp, J.R., *see* Lacroix, C.R. . . . . (59) (1997) 253
Kenow, K.P., *see* Korschgen, C.E. . . . . (58) (1997) 1
Koch, M.S. and S.C. Snedaker
Factors influencing *Rhizophora mangle* L. seedling development in Everglades carbonate soils . . . . . (59) (1997) 87
Korschgen, C.E., W.L. Green and K.P. Kenow
Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution. . . . . (58) (1997) 1
Krause-Jensen, D., *see* McGlathery, K.J. . . . . (59) (1997) 99
Lacroix, C.R. and J.R. Kemp
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination . . . . . (59) (1997) 253
Landolt, E., *see* Crawford, D.J. . . . . (58) (1997) 43
Lebert, M., *see* Figueroa, F.L. . . . . (59) (1997) 237
Les, D.H., C.T. Philbrick and A. Novelo R.
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data. . . . . (57) (1997) 5

Les, D.H., *see* Crawford, D.J. . . . . (58) (1997) 43
Lorenti, M., *see* Guidetti, P. . . . . (58) (1997) 151
Lubián, L., *see* Figueroa, F.L. . . . . (59) (1997) 237
Madeira, P.T., T.K. Van, K.K. Steward and R.J. Schnell
Random amplified polymorphic DNA analysis of the phenetic relationships among world-wide accessions of *Hydrilla verticillata* . . . . . (59) (1997) 217
Manning, C.R., *see* Masini, R.J. . . . . (58) (1997) 21
Marzocchi, M., *see* Rismondo, A. . . . . (58) (1997) 55
Masini, R.J. and C.R. Manning
The photosynthetic responses to irradiance and temperature of four meadow-forming seagrasses . . . . . (58) (1997) 21
Mathan, N., *see* Parani, M. . . . . (58) (1997) 165
Mathew, C.J. and V.K. Satheesh
Taxonomy and distribution of the Podostemaceae in Kerala, India . . . . . (57) (1997) 243
McGlathery, K.J., D. Krause-Jensen, S. Rysgaard and P.B. Christensen
Patterns of ammonium uptake within dense mats of the filamentous macroalga *Chaetomorpha linum* . . . . . (59) (1997) 99
McMillan, C., *see* Jewett-Smith, J. . . . . (59) (1997) 323
Meling-López, A.E. and S.E. Ibarra-Obando
The use of previous growth as a morphological index to assess blade production in *Zostera marina* . . . . . (59) (1997) 117
Mercado, J., *see* Figueroa, F.L. . . . . (59) (1997) 237
Mohan Ram, H.Y. and A. Sehgal
In vitro studies on developmental morphology of Indian Podostemaceae . . . . . (57) (1997) 97
Montero, O., *see* Figueroa, F.L. . . . . (59) (1997) 237
Mosisch, T.D. and S.E. Bunn
Temporal patterns of rainforest stream epilithic algae in relation to flow-related disturbance . . . . . (58) (1997) 181
Mumby, P.J., *see* Green, E.P. . . . . (58) (1997) 11
Murkin, H.R., *see* Wrubleski, D.A. . . . . (58) (1997) 121
Narayanan, K.K., *see* Parani, M. . . . . (58) (1997) 165
Neely, R.K., *see* Weihe, P.E. . . . . (59) (1997) 127
Nelson, J.W., *see* Wrubleski, D.A. . . . . (58) (1997) 121
Novelo R., A. and C.T. Philbrick
Taxonomy of Mexican Podostemaceae . . . . . (57) (1997) 275
Novelo R., A., *see* Les, D.H. . . . . (57) (1997) 5
Novelo R., A., *see* O'Neill, S.P. . . . . (57) (1997) 133
Novelo R., A., *see* Philbrick, C.T. . . . . (57) (1997) 183
Novelo R., A., *see* Quiroz F., A. . . . . (57) (1997) 201
Odland, A.
Development of vegetation in created wetlands in western Norway . . . . . (59) (1997) 45
O'Neill, S.P., J.M. Osborn, C.T. Philbrick and A. Novelo R.
Comparative pollen morphology of five New World genera of Podostemaceae . . . . (57) (1997) 133
Osborn, J.M., *see* O'Neill, S.P. . . . . (57) (1997) 133
Parani, M., C.S. Rao, N. Mathan, C.S. Anuratha, K.K. Narayanan and A. Parida
Molecular Phylogeny of mangroves III Parentage analysis of a *Rhizophora* hybrid using random amplified polymorphic DNA and restriction fragment length polymorphism markers . . . . . (58) (1997) 165
Parida, A., *see* Parani, M. . . . . (58) (1997) 165
Pérez, M., *see* Invers, O. . . . . (59) (1997) 185
Pergent, G., V. Rico-Raimondino and C. Pergent-Martini
Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean . . (59) (1997) 307
Pergent-Martini, C., *see* Pergent, G. . . . . (59) (1997) 307

Peterken, C.J. and C.A. Conacher
Seed germination and recolonisation of *Zostera capricorni* after grazing by dugongs. (59) (1997) 333
Philbrick, C.T.
Introduction. . . . . (57) (1997) 1
Philbrick, C.T. and A. Novelo R.
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae . . . . . (57) (1997) 183
Philbrick, C.T., *see* Les, D.H. . . . . (57) (1997) 5
Philbrick, C.T., *see* Novelo R., A. . . . . (57) (1997) 275
Philbrick, C.T., *see* O'Neill, S.P. . . . . (57) (1997) 133
Philbrick, C.T., *see* Quiroz F., A. . . . . (57) (1997) 201
Quiroz F., A., A. Novelo R. and C.T. Philbrick
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation. . . . . (57) (1997) 201
Rao, C.S., *see* Parani, M. . . . . (58) (1997) 165
Rico-Raimondino, V., *see* Pergent, G. . . . . (59) (1997) 307
Rismondo, A., D. Curiel, M. Marzocchi and M. Scattolin
Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice . . . . . (58) (1997) 55
Romero, J., *see* Invers, O. . . . . (59) (1997) 185
Rose, C., *see* Dawes, C.J. . . . . (59) (1997) 139
Roux, M., *see* Ibarra-Obando, S.E. . . . . (58) (1997) 99
Rutishauser, R.
Structural and developmental diversity in Podostemaceae (river-weeds) . . . . . (57) (1997) 29
Rysgaard, S., *see* McGlathery, K.J. . . . . (59) (1997) 99

Snedaker, S.C., *see* Koch, M.S. . . . . (59) (1997) 87
Steward, K.K., *see* Madeira, P.T. . . . . (59) (1997) 217
Taylor, W.D., *see* Carr, G.M. . . . . (59) (1997) 195
Tepe, E., *see* Crawford, D.J. . . . . (58) (1997) 43
Tur, N.M.
Taxonomy of Podostemaceae in Argentina . . . . . (57) (1997) 213
Uranowski, C., *see* Dawes, C.J. . . . . (59) (1997) 139
Van, T.K., *see* Madeira, P.T. . . . . (59) (1997) 217
Van der Putten, W.H.
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994). . . (59) (1997) 263
Van der Valk, A.G., *see* Wrubleski, D.A. . . . . (58) (1997) 121
Van Vierssen, W., *see* Santamaría, L. . . . . (58) (1997) 135
Vergeer, L.H.T. and A. Develi
Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* . . . . . (58) (1997) 65

Vesk, P.A. and W.G. Allaway
Spatial variation of copper and lead concentrations of water hyacinth plants in a wetland receiving urban run-off . . . . . (59) (1997) 33
Vieira, M.F. and N.A. de Souza Lima
Pollination of *Echinodorus grandiflorus* (Alismataceae) . . . . . (58) (1997) 89
Volder, A., A. Bonis and P. Grillas
Effects of drought and flooding on the reproduction of an amphibious plant, *Ranunculus peltatus* . . . . . (58) (1997) 113
Warwick, N.W.M. and P.C.E. Bailey
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes . . . . . (58) (1997) 73
Weihe, P.E. and R.K. Neely
The effects of shading on competition between purple loosestrife and broad-leaved cattail . . . . . (59) (1997) 127
Wetzel, R.G., *see* Ervin, G.N. . . . . (59) (1997) 63
Wickstrom, C.E. and J.L. Corkran
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat . . . . . (59) (1997) 157
Wrubleski, D.A., H.R. Murkin, A.G. van der Valk and J.W. Nelson
Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh . . . . . (58) (1997) 121
Zimba, P.V. and M.S. Hopson
Quantification of epiphyte removal efficiency from submersed aquatic plants . . . . . (58) (1997) 173

ELSEVIER

Aquatic Botany 59 (1997) 349–361

Aquatic botany

Subject Index, Vols. 57–59

Aboveground biomass
Vertebrate herbivory in managed coastal wetlands: a manipulative experiment 59 (1997) 17

Acclimation
Photosynthetic temperature responses of fresh- and brackish-water macrophytes: a review 58 (1997) 135

Adriatic Sea
Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice 58 (1997) 55

Allozymes
Allozyme variation and the taxonomy of *Wolffiella* 58 (1997) 43

Amphibolis
The photosynthetic responses to irradiance and temperature of four meadow-forming seagrasses 58 (1997) 21

Amphibromus
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Anisophylly
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Anther
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Apical septum
Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151

'*Apinagia* type' of embryo sac development
Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151

Aquatic liverwort
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Aquatic plants
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243
Taxonomy of Mexican Podostemaceae 57 (1997) 275
Taxonomy of Podostemaceae in Argentina 57 (1997) 213

Argentina
Taxonomy of Podostemaceae in Argentina 57 (1997) 213

Assimilate and nutrient partitioning
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Attached algae
Quantification of epiphyte removal efficiency from submersed aquatic plants 58 (1997) 173

Bacterial nitrogen transformation
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research

Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Bees
Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Bioassays
Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Biogeochemical cycles
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Biomass
Temporal patterns of rainforest stream epilithic algae in relation to flow-related disturbance 58 (1997) 181

Biomonitoring
Spatial variation of copper and lead concentrations of water hyacinth plants in a wetland receiving urban run-off 59 (1997) 33

Bio-optical properties
Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

Blade productivity
Regrowth of the seagrass *Thalassia testudinum* into propeller scars 59 (1997) 139

Borers
Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters 58 (1997) 151

Brazil
Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit 59 (1997) 163

Breeding system
Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Carbon allocation
Shoot:root dynamics during growth stages of the rush *Juncus effusus* L. 59 (1997) 63

Carbon flux
Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Carbon gain
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Carex
Primary dormancy and annual dormancy cycles in seeds of six temperate wetland sedges 59 (1997) 75

Carpellary outgrowth
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Chemical and physical factors
Photosynthetic characteristics of the aquatic carnivorous plant *Aldrovanda vesiculosa* 59 (1997) 297

Chlorophyll *a*
Temporal patterns of rainforest stream epilithic algae in relation to flow-related disturbance 58 (1997) 181

Chloroplast DNA
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Cladistics
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

CO_2
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Coastal management
Estimating leaf area index of mangroves from satellite data 58 (1997) 11

Coenosome

Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Comparative morphology

Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Conservation

Molecular Phylogeny of mangroves III Parentage analysis of a *Rhizophora* hybrid using random amplified polymorphic DNA and restriction fragment length polymorphism markers 58 (1997) 165

Consumption

Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Crassulaceae

The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Cymodocea nodosa

Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Dalzellia ceylanica

Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Decomposition

Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Delta Marsh, wetland

Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh 58 (1997) 121

Development

Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Developmental patterns

Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29

Diatoms

Temporal patterns of rainforest stream epilithic algae in relation to flow-related disturbance 58 (1997) 181

Distribution

Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit 59 (1997) 163

Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243

Dormancy cycles

Primary dormancy and annual dormancy cycles in seeds of six temperate wetland sedges 59 (1997) 75

Drawdown

Development of vegetation in created wetlands in western Norway 59 (1997) 45

Echinodorus

Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Eelgrass

Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

The use of previous growth as a morphological index to assess blade production in *Zostera marina* 59 (1997) 117

Eichhornia crassipes

Spatial variation of copper and lead concentrations of water hyacinth plants in a wetland receiving urban run-off 59 (1997) 33

Embryology

Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151

Environmental change

Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Environmental stability
Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit 58 (1997) 99

Epiphyte
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Epiphytes
Quantification of epiphyte removal efficiency from submersed aquatic plants 58 (1997) 173

Eutrophication
Patterns of ammonium uptake within dense mats of the filamentous macroalga *Chaetomorpha linum* 59 (1997) 99

Evolution
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Exportation
Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Extractable ammonium
Regrowth of the seagrass *Thalassia testudinum* into propeller scars 59 (1997) 139

Floral biology
Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Flowering
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

Freshwater estuary
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Functional morphology
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Fuzzy morphology
Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29

Gas exchange
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263
The photosynthetic responses to irradiance and temperature of four meadow-forming seagrasses 58 (1997) 21

Genetic diversity
Flowering and genetic banding patterns of *Halophila johnsonii* and conspecifics 59 (1997) 323

Genetic fingerprinting
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Genetic identity
Allozyme variation and the taxonomy of *Wolffiella* 58 (1997) 43

Genetic variability
Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Geographical distribution
Taxonomy of Podostemaceae in Argentina 57 (1997) 213

Gower metric
Random amplified polymorphic DNA analysis of the phenetic relationships among world-wide accessions of *Hydrilla verticillata* 59 (1997) 217

Growth
Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1
Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice 58 (1997) 55

Growth and production assessment
The use of previous growth as a morphological index to assess blade production in *Zostera marina* 59 (1997) 117

pH
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Halodule wrightii
Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit 59 (1997) 163

Haloragaceae
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Heteromorphy of shoots
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Hydrilla
Random amplified polymorphic DNA analysis of the phenetic relationships among world-wide accessions of *Hydrilla verticillata* 59 (1997) 217

Hydrilla verticillata
Quantification of epiphyte removal efficiency from submersed aquatic plants 58 (1997) 173

Hydrophily
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Hydrostachyaceae
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

India
Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243

Indotristicha ramosissima
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

Induced defense
Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Invasive species
The effects of shading on competition between purple loosestrife and broad-leaved cattail 59 (1997) 127

In vitro seed germination
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

Irradiance
Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1

Isopoda
Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters 58 (1997) 151

Juncus effusus
Shoot:root dynamics during growth stages of the rush *Juncus effusus* L. 59 (1997) 63

Kerala
Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243

Labyrinthula zosterae
Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Lake Erie
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Latitudinal variation
Photosynthetic temperature responses of fresh- and brackish-water macrophytes: a review 58 (1997) 135

Leaf growth and production
Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit 58 (1997) 99

Leaf number
Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit 58 (1997) 99

Leaf production
Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Lemnaceae
Allozyme variation and the taxonomy of *Wolffiella* 58 (1997) 43

Life-cycle
Photosynthetic temperature responses of fresh- and brackish-water macrophytes: a review 58 (1997) 135

Litter
Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Littoral vegetation
Development of vegetation in created wetlands in western Norway 59 (1997) 45

Lythrum salicaria
The effects of shading on competition between purple loosestrife and broad-leaved cattail 59 (1997) 127

Macroalgae
Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Macrophyte
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Mangrove
Factors influencing *Rhizophora mangle* L. seedling development in Everglades carbonate soils 59 (1997) 87

Mangroves
Molecular Phylogeny of mangroves III Parentage analysis of a *Rhizophora* hybrid using random amplified polymorphic DNA and restriction fragment length polymorphism markers 58 (1997) 165

Marathrum
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Marine angiosperm
Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit 59 (1997) 163

Marsh
Vertebrate herbivory in managed coastal wetlands: a manipulative experiment 59 (1997) 17

Mediterranean
Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice 58 (1997) 55

Mediterranean Sea
Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters 58 (1997) 151

Mediterranean sea
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Metabolism
The photosynthetic responses to irradiance and temperature of four meadow-forming seagrasses 58 (1997) 21

Metal uptake
Spatial variation of copper and lead concentrations of water hyacinth plants in a wetland receiving urban run-off 59 (1997) 33

Mexico
Taxonomy of Mexican Podostemaceae 57 (1997) 275

Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Microalgae
Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

Mississippi River
Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1

Mitigation
Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

Mitochondrial genome
Molecular Phylogeny of mangroves III Parentage analysis of a *Rhizophora* hybrid using random amplified polymorphic DNA and restriction fragment length polymorphism markers 58 (1997) 165

Modelling
Development of vegetation in created wetlands in western Norway 59 (1997) 45

Models
Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Molecular markers
Molecular Phylogeny of mangroves III Parentage analysis of a *Rhizophora* hybrid using random amplified polymorphic DNA and restriction fragment length polymorphism markers 58 (1997) 165

Morphometry
Morphological variation in the seagrass *Halodule wrightii* near its southern distributional limit 59 (1997) 163

Myocastor coypus
Vertebrate herbivory in managed coastal wetlands: a manipulative experiment 59 (1997) 17

Najas guadalupensis
Quantification of epiphyte removal efficiency from submersed aquatic plants 58 (1997) 173

New World
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133

Nitrates
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Nitrogen
Annual primary production and nutrient dynamics of the seagrasses *Posidonia sinuosa* and *Posidonia australis* in south-western Australia 59 (1997) 277

Nitrogenase activity
Nitrogenase activities associated with macrophytes from a lacustrine and a freshwater estuarine habitat 59 (1997) 157

Non-destructive technique
The use of previous growth as a morphological index to assess blade production in *Zostera marina* 59 (1997) 117

Nucellar plasmodium
Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151

Nutria
Vertebrate herbivory in managed coastal wetlands: a manipulative experiment 59 (1997) 17

Nutrient incorporation
Annual primary production and nutrient dynamics of the seagrasses *Posidonia sinuosa* and *Posidonia australis* in south-western Australia 59 (1997) 277

Nutrients
Factors influencing *Rhizophora mangle* L. seedling development in Everglades carbonate soils 59 (1997) 87

Nutrient uptake
Patterns of ammonium uptake within dense mats of the filamentous macroalga *Chaetomorpha linum* 59 (1997) 99

Oligolecty
Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Ordination
Development of vegetation in created wetlands in western Norway 59 (1997) 45

Oserya
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Outgroup
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Palynology
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133

Parsimony
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Phenolic acids
Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Phosphates
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Phosphorus
Annual primary production and nutrient dynamics of the seagrasses *Posidonia sinuosa* and *Posidonia australis* in south-western Australia 59 (1997) 277

Photoinhibition
Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

Photosynthesis
Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Phragmites
Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh 58 (1997) 121

Phyllotaxy
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Podostemaceae
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29
Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243
Taxonomy of Mexican Podostemaceae 57 (1997) 275
Taxonomy of Podostemaceae in Argentina 57 (1997) 213
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Podostemoideae
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Podostemum
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Polish sites
Photosynthetic characteristics of the aquatic carnivorous plant *Aldrovanda vesiculosa* 59 (1997) 297

Pollen
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Polychaeta
Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters 58 (1997) 151

Posidonia
The photosynthetic responses to irradiance and temperature of four meadow-forming seagrasses 58 (1997) 21

Posidonia oceanica
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185

Potamogeton
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Potamogeton illineonsis
Quantification of epiphyte removal efficiency from submersed aquatic plants 58 (1997) 173

Potassium
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Primary dormancy
Primary dormancy and annual dormancy cycles in seeds of six temperate wetland sedges 59 (1997) 75

Principal coordinate analysis
Random amplified polymorphic DNA analysis of the phenetic relationships among world-wide accessions of *Hydrilla verticillata* 59 (1997) 217

Production
Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185
Photosynthetic temperature responses of fresh- and brackish-water macrophytes: a review 58 (1997) 135

Protodiscelis
Pollination of *Echinodorus grandiflorus* (Alismataceae) 58 (1997) 89

Pulse amplitude modulate fluorescence
Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

Quantum yield
Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

RAPD
Random amplified polymorphic DNA analysis of the phenetic relationships among world-wide accessions of *Hydrilla verticillata* 59 (1997) 217

RAPD–PCR banding patterns
Flowering and genetic banding patterns of *Halophila johnsonii* and conspecifics 59 (1997) 323

Recovery
Seed germination and recolonisation of *Zostera capricorni* after grazing by dugongs 59 (1997) 333

Remote sensing
Estimating leaf area index of mangroves from satellite data 58 (1997) 11

Replacement series
The effects of shading on competition between purple loosestrife and broad-leaved cattail 59 (1997) 127

Reproduction
Effects of drought and flooding on the reproduction of an amphibious plant, *Ranunculus peltatus* 58 (1997) 113
Seed germination and recolonisation of *Zostera capricorni* after grazing by dugongs 59 (1997) 333

Respiration
Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Photosynthetic temperature responses of fresh- and brackish-water macrophytes: a review 58 (1997) 135

Restoration

Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

Rhizome meristem

Regrowth of the seagrass *Thalassia testudinum* into propeller scars 59 (1997) 139

River-weeds

Taxonomy of Mexican Podostemaceae 57 (1997) 275

Root dynamics

Shoot:root dynamics during growth stages of the rush *Juncus effusus* L. 59 (1997) 63

Rooted macrophytes

Models of aquatic plant productivity: a review of the factors that influence growth 59 (1997) 195

Roots

Spatial variation of copper and lead concentrations of water hyacinth plants in a wetland receiving urban run-off 59 (1997) 33

Rosales

The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Salinity

Factors influencing *Rhizophora mangle* L. seedling development in Everglades carbonate soils 59 (1997) 87

The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Sargassum muticum

Is *Sargassum muticum* a threat to eelgrass beds? 58 (1997) 37

Saxifragaceae

The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Scirpus

Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh 58 (1997) 121

Scolochloa

Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh 58 (1997) 121

Seagrass

Fate of primary production in *Posidonia oceanica* meadows of the Mediterranean 59 (1997) 307

Invertebrate borers in *Posidonia oceanica* scales: relationship between their distribution and lepidochronological parameters 58 (1997) 151

Is *Sargassum muticum* a threat to eelgrass beds? 58 (1997) 37

Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

Seed germination and recolonisation of *Zostera capricorni* after grazing by dugongs 59 (1997) 333

Seagrasses

Flowering and genetic banding patterns of *Halophila johnsonii* and conspecifics 59 (1997) 323

Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice 58 (1997) 55

Seagrass sediment

Regrowth of the seagrass *Thalassia testudinum* into propeller scars 59 (1997) 139

Seasonality

Seasonal pattern of *Cymodocea nodosa* biomass and production in the lagoon of Venice 58 (1997) 55

Seed biology

Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183

Seed characteristics

Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183

Seed germination
Primary dormancy and annual dormancy cycles in seeds of six temperate wetland sedges 59 (1997) 75

Seedling morphology
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

Shoot morphometrics
Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit 58 (1997) 99

Shoot:root growth
Shoot:root dynamics during growth stages of the rush *Juncus effusus* L. 59 (1997) 63

Sodium
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Spates
Temporal patterns of rainforest stream epilithic algae in relation to flow-related disturbance 58 (1997) 181

Species replacement
Is *Sargassum muticum* a threat to eelgrass beds? 58 (1997) 37

Stomates
Developmental morphology of the androecium and gynoecium in *Ruppia maritima* L.: considerations for pollination 59 (1997) 253

Structural diversity
Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29

Succession
Development of vegetation in created wetlands in western Norway 59 (1997) 45

Symmetry of shoot axes
Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Systematics
Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29
Taxonomy of Podostemaceae in Argentina 57 (1997) 213
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Taxonomy
Taxonomy and distribution of the Podostemaceae in Kerala, India 57 (1997) 243
Taxonomy of Mexican Podostemaceae 57 (1997) 275

Temporary marshes
Effects of drought and flooding on the reproduction of an amphibious plant, *Ranunculus peltatus* 58 (1997) 113

Thalloid angiosperms
In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

Transplanting
Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

Triglochin
The effect of increasing salinity on the growth and ion content of three non-halophytic wetland macrophytes 58 (1997) 73

Tristicha
Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133
Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183
Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Tristichaceae
The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Tristicha trifaria

Comparative morphology of the vegetative structures of *Tristicha trifaria*, *Indotristicha ramosissima* and *Dalzellia ceylanica* (Podostemaceae, Tristichoideae): a review 57 (1997) 71

Tristichoideae

In vitro studies on developmental morphology of Indian Podostemaceae 57 (1997) 97

The phylogenetic position of river-weeds (Podostemaceae): Insights from *rbc*L sequence data 57 (1997) 5

Turnover rate

Leaf dynamics and production of a *Zostera marina* bed near its southern distributional limit 58 (1997) 99

Typha

Decomposition of emergent macrophyte roots and rhizomes in a northern prairie marsh 58 (1997) 121

Typha latifolia

The effects of shading on competition between purple loosestrife and broad-leaved cattail 59 (1997) 127

Ultrastructure

Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133

Vallisneria americana

Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1

Vanroyenella

Comparative pollen morphology of five New World genera of Podostemaceae 57 (1997) 133

Ovule number, seed number and seed size in Mexican and North American species of Podostemaceae 57 (1997) 183

Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Wasting disease

Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Water chemistry

Water chemistry and the distribution of Mexican Podostemaceae: a preliminary evaluation 57 (1997) 201

Waterlogging

Factors influencing *Rhizophora mangle* L. seedling development in Everglades carbonate soils 59 (1997) 87

Water plants

Structural and developmental diversity in Podostemaceae (river-weeds) 57 (1997) 29

Weddellina squamulosa

Embryological and floral studies in *Weddellina squamulosa* Tul. (Podostemaceae, Tristichoideae) 57 (1997) 151

Wetland ecosystem dynamics

Die-back of *Phragmites australis* in European wetlands: an overview of the European Research Programme on Reed Die-back and Progression (1993–1994) 59 (1997) 263

Wetland management

Vertebrate herbivory in managed coastal wetlands: a manipulative experiment 59 (1997) 17

Wetland plants

The effects of shading on competition between purple loosestrife and broad-leaved cattail 59 (1997) 127

Wild celery

Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1

Winterbuds

Effects of irradiance on growth and winter bud production by *Vallisneria americana* and consequences to its abundance and distribution 58 (1997) 1

Wolffiella

Allozyme variation and the taxonomy of *Wolffiella* 58 (1997) 43

Xanthophyll cycle

Relationship between bio-optical characteristics and photoinhibition of phytoplankton 59 (1997) 237

Zonation

Development of vegetation in created wetlands in western Norway 59 (1997) 45

Zostera marina

Is *Sargassum muticum* a threat to eelgrass beds? 58 (1997) 37

Phenolic acids in healthy and infected leaves of *Zostera marina* and their growth-limiting properties towards *Labyrinthula zosterae* 58 (1997) 65

Restoring eelgrass, *Zostera marina* L., habitat using a new transplanting technique: The horizontal rhizome method 59 (1997) 1

Zostera noltii

Effects of pH on seagrass photosynthesis: a laboratory and field assessment 59 (1997) 185
